PCIT FOR CHILDREN WITH AUTISM

JOHN PAUL ABNER, PHD

Monday, May 17, 8:30a – 12:00p—beginner level —3.5 CEs

Parent-Child Interaction Therapy is increasingly recognized as an effective treatment for children on the autism spectrum. This workshop will explore coaching strategies for both Child Directed Interaction and Parent Directed Interaction as well as ideas for environmental considerations. This workshop is oriented toward therapists who have received some PCIT training.

LEARNING OBJECTIVES

By the end of the presentation, participants will be able to:

- Participants will correctly identify two trends in current research regarding PCIT and children with Autism Spectrum Disorder.
- Participants will correctly state two ways to tailor CDI skills for when conducting CDI with children on the Autism Spectrum.
- Participants will correctly state two ways to tailor PDI skills for when conducting PDI with children on the Autism Spectrum.
- Participants will state two ways to modify the environment in advance of sessions with children on the Autism Spectrum

PCIT ADVANCED CODING: DECODING YOUR CODING (CDI EDITION)

DARDEN WHITE, LPC

Tuesday, May 19, 11:00a – 12:00p—intermediate level— 1 CE

This session will include a deeper dive into the most complicated and nuanced CDI coding rules. Additionally, we will help clinicians decode the most obscure and complex CDI coding questions.

LEARNING OBJECTIVES

By the end of the presentation, participants will be able to:

- Identify clarity on at least 2 CDI coding rules that were previously unclear
- Discuss complicated CDI codes with confidence
- Code CDI with at least 80% reliability with trainers

PCIT ADVANCED CODING: DECODING YOUR CODING (PDI EDITION)

DARDEN WHITE, LPC

Thursday, May 20, 9:00a – 10:00a—intermediate level—1 CE

This session will include a deeper dive into the most complicated and nuanced CDI coding rules. Additionally, we will help clinicians decode the most obscure and complex CDI coding questions.

LEARNING OBJECTIVES

By the end of the presentation, participants will be able to:

- Identify clarity on at least 2 PDI coding rules that were previously unclear
- Discuss complicated PDI codes with confidence
- Code PDI with at least 80% reliability with trainers

CONTINUING EDUCATION CREDIT

PCIT conferences sessions are offered for up to 5.5 PCIT-approved CEs (pending PCIT Int. approval).

Certificates will be emailed within 90 days of the conference session. Partial credit will not be offered. There are no commercial supports for this training that could be construed as a conflict of interest.

PCIT International, Inc., is approved by the American Psychological Association to offer continuing education for psychologists. PCIT International maintains responsibility for this program and its content.

If you have concerns about a speaker or workshop offering please contact the PCIT International Continuing Education Task Force Program at pcit.ce@gmail.com or mailing address: 22713 NW 191st Lane, High Springs, FL 32643

ACCOMMODATIONS

Please identify any additional accommodations you need, including those required for a disability, in your application. We will make every effort to meet your needs.
